Subject: 4th Maharashtra Level Science Fair 2026 — invitation to your institution, with brochure, poster and registration form.

Respected Sir / Madam,

This letter is delivered to you by hand by a volunteer of the Minds in Motion Foundation, together with the material listed below. The Maharashtra Science Fair Academy conducts the annual Maharashtra Level Science Fair, whose fourth edition will be held as part of Education Expo 2026 from **13 to 20 December 2026 at Aam Khas Maidan, Aurangabad, Chhatrapati Sambhajinagar**. Your institution is cordially invited to participate.

2. The Fair is not a one-day exhibition but a four-month guided research process. From September to December, each team frames a researchable question, obtains approval of its concept from an expert panel, develops and tests the project, submits a written research paper in English, Urdu or Marathi, and defends the work before an independent jury — a practical means of giving effect to the experiential and enquiry-based learning envisaged by the National Education Policy 2020.
3. **MGM University, Chhatrapati Sambhajinagar** is associated as Academic Partner, informing the constitution of the jury and the evaluation framework. **Britannica Education India** is associated as Knowledge Partner, under which every participating team and its mentor teacher will receive complimentary access to Britannica's research and project-based learning resources for the duration of the Fair, along with orientation sessions for students and teachers.
4. We would request your institution to (i) nominate one mentor teacher as the point of contact; (ii) circulate this information among students of Classes 5 to 12; (iii) display the enclosed poster on the notice board; and (iv) submit the registration form, for up to eight projects, **on or before 14 September 2026**.

Yours faithfully,

Nida Sharmeen
Secretary
Maharashtra Science Fair Academy

Basit Siddiqui
Director,
Minds in Motion Foundation
